

Corner Sunday School Room

Location:

4-5's Sunday School room near old bathrooms
Jr Church room adjacent

Problem:

Whenever there is a hard rain, runoff from the roof (front of church, inside corner to the left of front doors) saturates soil and seeps through wall to the Sunday School rooms below.

There has been some water damage to the walls.

Action

1. Fix drainage problem

See Kit about how to address this

Possible rain gutter or flashing near ground level

2. Repair walls

Drywall

Paneling

3. Painting

Barbara Wass can paint after walls are repaired
